

Appl. No. 09/925,126  
Amdt. Dated Feb. 5, 2004  
Reply to Office Action of Nov. 5, 2003, 2003

**Amendments to the Abstract:**

Please replace the abstract with the following amended abstract:

All  
An information transacting mechanism between a provider and a customer is provided. The information transacting mechanism comprises an information server controlled by the provider. An original information box is extracted from the information server. A tool server provides tools when instructed by the provider. A tool-added information box is ~~resulted~~ obtained from the original information box by packing tools therein via the ~~tool server and sent to~~ tool server, and is sent to the customer for the customer to access the data contained in the tool-added information box.
